7:00 pm
Club Members are Welcome

President's Message

Hello again! Hope we are all recovered from the Auction. Thank you, Melinda and the team - somehow we got it done and the club has the funding needed for another year.

While it's fresh in my mind, here are some thoughts about our next auction. How many of you have thought of making a cash donation to the club? I did, and several others did as well. It's a great way to support the club, it's tax deductible, and the club gets the full value in the bank.

I am going to be the Auction Receiver (the person who receives and stores the items before the auction) again this coming year. I see every item. Before donating, ask yourself this: "Would I buy the item I'm donating?" If the answer is NO, well . . . Also, get donations in EARLY! No later than the August meeting as this helps get them properly cataloged and spreads the work load over time.

Thank you for your help and support!

Don't forget the President's Outing to Kernville this month! (October 21- 23). Sign-ups are at the club meeting or call me at 714 337-5899. We will be staying at the Sequoia Lodge in Kernville. Call them at 760 376-2535 to make your lodging reservation.

This Month's Meeting

Fly Fishing through Midlife Heaven with Jeff Currier

While many men in their fifties experience what is commonly labeled a “Midlife Crisis,” Jeff Currier believes he may have died and gone to heaven. In 2009, during the most difficult financial times America had experienced since the Great Depression, Jeff quit his day job of running a fly shop for almost 25 years and took off on his own. Why? To follow his dreams.

Jeff wanted to focus on being an artist, pursue a career speaking about fly fishing, do more writing and, best of all, not have to ask permission every time he had an opportunity to go on a fishing trip. His friends and family told him he was crazy, but his wife fully supported his decision.

Let's just say opportunities to go on fishing trips have been the bulk of Jeff's new career. Since that last day in the fly shop, Jeff has traveled to more than 50 countries, added 100 pages to his passport and caught more than 200 new species of exotic fish to lengthen what was already his long list.

No doubt Jeff has been fortunate. During his “Fly Fishing through Midlife Heaven” presentation, you will be able to relax and enjoy the stories of how these amazing trips landed in Jeff's lap. Then, tighten your seatbelt as Jeff treats you to fly fishing for tigerfish in Tanzania, golden mahseer in India, a variety of saltwater species from the Red Sea of Sudan, as well as the islands of the Seychelles. And last but not least, be ready to see the arapaima, the world's largest game fish succumb to a fly in the rainforest of Guyana.

Jeff was born in Massachusetts and grew up fly fishing throughout New England. Today he resides in Victor, Idaho with his wife Yvonne (affectionately known to all as Granny) where he bases his globetrotting career in fly fishing.

Jeff's articles, photographs and artwork have graced the pages of magazines, catalogs, brochures and books. He is the author of *Currier's Quick and Easy Guide to Saltwater Fly Fishing* and *Currier's Quick and Easy Guide to Warmwater Fly Fishing* guide books. These books have become the standard introductions to saltwater and warmwater fly fishing. When not fishing or writing, Jeff is usually found working on one of his

favorite hobbies, painting fish. His fish art decorates T-Shirts, fly reels, coffee mugs, books, magazines and his original watercolors are always in high demand.

Jeff is also a sought after expert for television programs, appearing on *Fishing the West*, *Fly Fishing the World*, *In Search of Fly Water*, *Reel Adventures*, *Fly Fish TV* and *Fly Fish America*. Jeff was also a featured angler in the popular fly fishing DVDs *Evolution*, *Carpland*, *Waypoints*, *Connect* and *Soulfish 2*.

Although Jeff spends much of his time fly fishing for trout, he is a walking encyclopedia of fly fishing for species worldwide. He is an IGFA World Record holder and National Fresh Water Fishing Hall of Fame Record holder and has fished in more than fifty-five countries and caught 325 species of fish on the fly.

Jeff has won numerous fly casting competitions, the Jackson Hole “One Fly” and competed throughout the world in fly fishing. Jeff’s most recognized accomplishment was leading Team USA to its first ever top-ten finish in the World Flyfishing Championships in Jaca, Spain. During the competition, Jeff managed to fool fish on every venue and placed third in the individual standings, becoming the first American ever to take home a medal in the thirty-year history of the Championships.

He is an active member of the R.L. Winston Rod Co Professional Advisory Team, as well as Simms, Scientific Anglers, Costa Sunglasses, Yeti, Bauer Reels and Kate’s Real Foods. Jeff is a “Fishing Ambassador” for Yellow Dog Flyfishing Adventures hosting exotic trips and exploring new destinations.

Jeff has always been a favorite with our club, as he brings us a sense of humor, enthusiasm, approachability and more than forty years of entertaining and informative experiences.

You can follow Jeff’s global fly fishing adventures, exploits, tips, advice, photography and story-telling on his expanding blog and informative website: <http://www.jeffcurrier.com>

Please do not miss this presentation- Jeff Currier is an exceptional and very witty speaker. This program should be outstanding!

See you there –
Andy Frumento

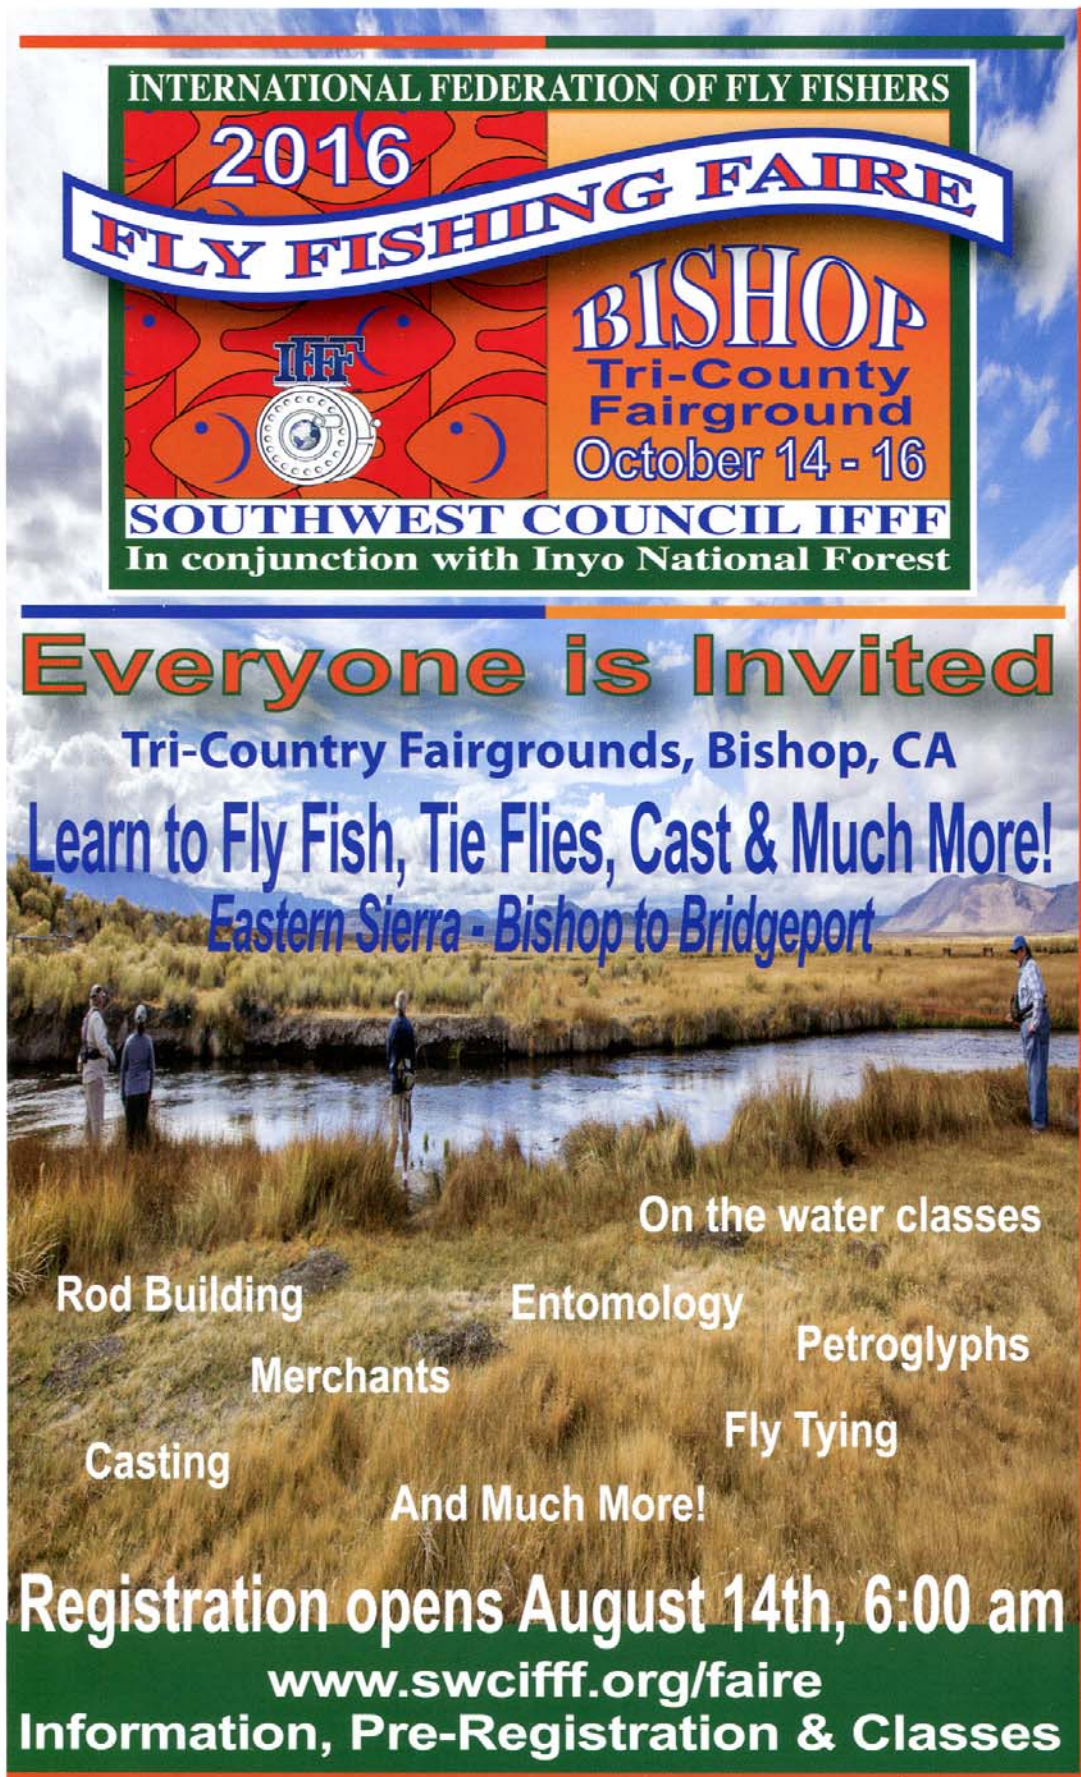

2016 Club Meeting Dates and Speakers

<u>DATE</u>	<u>DAY</u>	<u>SPEAKER</u>	<u>TOPIC</u>
1-13-16	2nd Wed	Landon Mayer	"Trout Tips: Secrets & Tactics"

FFCOC 2016 On the River Classes and Clinic

Save the dates!

Fly Fishing Classes:

Saturday Oct. 1, 8:30 am to 12:30 pm

Saturday Oct. 8, 8:30 am to 12:30 pm

Montesilla Mobile Home Park Recreation Room
15601 South B St., Tustin, CA

Clinic - On the Owner's River:

Saturday Nov. 5, 8 am to 4 pm

Sunday Nov. 6, 8 am to noon

Last year the FFCOC's On the River Classes and Clinic got off to a great start. Joe Libeu lead the way by providing six hours of classroom training followed by a two day Clinic on the Owens River for 16 participants with help from 8 experienced FFCOC members. The training was focused on learning the basics of fly fishing and was in follow

up to FFCOC's Annual Casting Clinic. This year's program will be similar with preference given to New Club Members. Add address

The program will include everything needed to plan and prepare for a successful fly fishing trip.

Classroom training subjects include:

- ◆ Equipment and rigging for nymph fishing
- ◆ Insect life cycles and how flies imitate them
- ◆ How trout behave
- ◆ Clues as to what fish eat
- ◆ Stream care and etiquette
- ◆ Reading the water
- ◆ And much more

The On the River Clinic will be held on the Lower Owens River near Bishop, CA. Many of the items discussed in the classroom setting will be covered in the field. In addition, the following will be included as part of the on the river clinic:

- ◆ Reading the stream
- ◆ In-stream entomology
- ◆ Casting including mending
- ◆ Setting the depth of flies using indicators
- ◆ Numerous demonstrations
- ◆ Fishing, one-on-one with experienced club members

This training will be in follow up to FFCOC's annual Casting Clinic scheduled for Saturday August 27. The Casting Clinic is open to the public so you can bring your friends and neighbors! If you would like information regarding the casting clinic, you should contact Art Prangley at:

FFCOCasting@sbcglobal.net
or 714-270-7090.

Participation in the On The River Classes and Clinic is limited. Individuals that join the club as a result of the August 27th *Casting Clinic* will be given preference.

As noted above, Joe Libeu will be conducting the On The River Clinic and Doug Jones is helping him with the logistics. For more information about this program, contact them at:

Doug Jones at:
dougjones.oc@gmail.com
714 998-7340

Joe Libeu at:
jlsdfa@IX.netcom.com
310 749-6771

Remember, the Classes and On The River Clinic are only open to FFCOC members. If you are not a club member you can join at our web site www.ffcoc.org or contact Vern Martin, the Club's Membership Chair at vmartin8591@sbcglobal.net.

VOLUNTEERS NEEDED!

If you are an accomplished fly fisher and know the Lower Owens River, you would be a great candidate to work with Joe and provide instruction at the On The River Clinic. Please contact Doug Jones if you can help. We will need 8 to 10 members to help with the training.

SIGN UP NOW

You can sign up for the Fly Fishing Classes and/or On The River Clinic, either as a participant or volunteer, by contacting Doug Jones at dougjones.oc@gmail.com or (714) 998-7340, or by signing up at any of the Club's regularly scheduled meetings.

AUCTION 2016 FINAL UPDATE

FLY FISHERS CLUB OF ORANGE COUNTY AUCTION 2016

Hello FFCOC Club Members,

Well the 2016 Auction was a success. We are pretty close to meeting our yearly goal for raising funds to run our club the 2017 club year. Just a few announcements:

- We still have a few items from our 2016 Sponsors that did not sell. We will be holding a Mini Silent Auction for these items at the next meeting. We want to make sure that first of all we continue to support their businesses as they continue to support ours. So please be sure to review the Mini Auction below for items that you may be interested in.
- For those of you who were winning bids on any of the trips, or special items that require you to contact someone; an email has been sent out to those sponsors so they know who to expect to call them in regards to their donations. So please contact soon to make the necessary arrangements. They need to know we support them.
- Another reminder is the PROGRESSIVE RAFFLE is still going. We need to meet our goal of \$1500 in order to select the winner of all the items in the progressive raffle. These items will be on display at the meeting for you to see. Remember these are all hand-made items by some of our very skilled club members. Raffle tickets sell for \$5 for one ticket and \$25 for 6.

Thank you for your support,

Melinda Burns
Auction Chairperson

MINI AUCTION CATALOG 2017

ITEM	ITEM NAME	DESCRIPTION	COMPANY	STARTING BID
L-123	Big Horn Montana Guide Trip Value: \$450	Guide, Bob Krumm will gladly guide two anglers from the Fly Fishers Club of Orange County for one day on the Bighorn River, Montana. All terminal tackle will be supplied, i.e., flies, tippets, leaders, strike indicators, split shot, etc. The anglers will benefit from my sage advice based on 32 years of guiding on the Bighorn. Said advice might include comments like, "You can't catch fish unless your flies are in	Blue Quill Fly Fishing Company	\$ 75.00

		water," or "Do your analysis of the strike indicator movements after you set the hook, not before."		
S-2000	SilverCreek, Idaho Two For One	Purchase guided fishing trip, get a second day (equal or lesser value) free! Expires September 30, 2017	Silver Creek Outfitters	\$ 50.00

October 29 more details to come

Conservation

San Gabriel Mountains National Monument Management Plan

Dear FFCOC Members,

Below is an email written by Bill Reeves who is a former member of FRVC and very involved with following the San Gabriel Mountains National Monument Management Plan. The plan is quite lengthy (200 pages), but Bill has identified a few pages with issues specific to the West, North and East Forks of the San Gabriel Rivers.

This is your opportunity to have a voice in the future state of the San Gabriel Mountains. It is all of our responsibility to ensure this recreational area is preserved for future generations to enjoy.

The email below has some time sensitive dates beginning with a Webinar that was on September 10th (I apologize for the late posting of this message) and any **personal replies must be sent no later than October 17th**.

Sincerely,
John Burns
FFCOC
Conservation Chair

Hello fellow fishermen:

I am writing you to today because we are in the public response period for the draft of the **San Gabriel Mountains National Monument Management Plan**. In the last draft plan there were only nine responses about either fish or fishing, which I consider a very low response relative to all the people that fish or care about the fish in our local mountains. If you are one who does not care what we leave for the future, you can stop reading now and leave it to the nine or so that responded last time. **YOU ONLY HAVE UNTIL OCTOBER 17 TO REPLY.**

If you only have a little time **YOU CAN GO TO A.N.F. WEBSITE** <http://www.fs.usda.gov/angeles/> and read a summary and comment digitally. You can just say how much you enjoyed fishing in our forest and hope your offspring will be able to in the future.

If you have time to read the **DRAFT ENVIRONMENTAL ASSESSMENT** I have made a few reference points for you that you can respond to and feel free to make more.

Biological Resources

1. pg.18-20 The North and East Forks of the San Gabriel River were added to the Critical Biological Land Use Zone (CBLUZ) list. These were not on the prior list and why aren't these CBLUZ bigger?
2. pg. 29 I would like to have seen the remnant population of Southern steelhead the East Fork San Gabriel Rivers on the list.
3. pg. 40 Surface water on the East Fork... who is taking the lead the SRWQCB or the FS? This is a decade's old problem it's been on the EPA's list of the 10 worst polluted streams since the early 2000's. The FS has had personnel and leadership changes in these years but someone has to make something happen for the sake of all the water users.

For years we have been asking for a new trail on the West Fork of the San Gabriel River to go around Cogswell Dam to fish the Upper West Fork after it was closed to thru hiking after 9-11 by Homeland Security and the Station Fire.

We would like to see improvements made at Crystal Lake Recreation Area and Cold Brook Camp Ground and maybe a new picnic area at Morris Dam.

If you have time while on their website sign up for the webinar on Sept, 10th 1-3pm.

If you have time go to one of the 4 public meetings. I will be at the one in Arcadia.

I thank you if you read this far and feel free to contact me about this issue.

Bill Reeves
williamtreeves@aol.com

Owens River Annual Clean Up - February 2017

California Waterfowl Association

Owens River Annual Clean Up

Bishop, California

Saturday, February 11, 2017

Meet @ 8AM Pleasant Valley Campground

Bring gloves and be prepared to help clean up as much of the Owens River as we can. Wear waders if you own them.

Bring family and friends! The more people, the cleaner the river!

Coffee and baked good provided for all volunteers at 8AM

Lunch will be provided for all volunteers at 12PM @ Pleasant Valley Campground.

2017 Sponsors include:

California Waterfowl Association – Bishop

Caltrout – Sierra Headwaters Region

Eastern Sierra Fishing Guides Association

Preferred Septic and Disposal – Bishop

Inyo Recycling and Waste Management - Bishop

Silver Lake Resort – June Lake

Trout Unlimited – Eastern Sierra Field Office

International Federation of Fly Fishers – Southwest Council

Talk it up. Bring family and friends. This is our chance to annually clean up Bishop's blue ribbon moving water fishery.

For information on sponsoring or general information call

Chris Leonard. 818.288.3271.

Fly Tying

Flies That Keep On Giving

Southern Utah has drawn me in for years now and this fly worked quite well while on the most recent trip with the club to the Loa area. This nymph caught a wide range of fish in off colored water of the streams.

By John Williams

The Green Printz

Hook:	Daiichi 1710 Nymph Hook #14 or similar
Bead:	3/32" Gold Tungsten Bead
Thread:	UTC 70 Black
Tail:	Goose Biots, Brown
Dubbing:	Orvis Hare's Ice Dub, Olive
Legs:	Ginger Hackle, Chinese neck
Wings:	Goose Biots, White
Head Cement:	Super Glue

Place the bead on the hook small hole first. Start your thread behind the eye and wrap to the bend. Tie in two brown goose biots flared slightly to either side of the bend and leave a body length to the rear. Smear a slight amount of super glue on the shank. Dub a noodle and wrap forward to the bead forming a tapered body. Form a collar with a Chinese hackle to make the legs and trim off the top where the white biots will lay. Tie in two white goose biots flaring to either side the length of the body and tie in well cut excess biots from the front. Smear a slight amount of super glue on the thread and whip finish the head. Cut your thread. Head to Utah for some fun.

Enjoy,
John

FFCOC Leadership

Mission:

- Encourage Angling with Artificial Flies (fly fishing)
- Encourage Education and Fisheries Conservation, including Habitat and Watershed Conservation
- Disseminate to the Public the Results of the Club's Efforts
- Encourage Youth to Follow Sound Conservation Practices

To ACHIEVE this the Club conducts various meetings, events and outings as documented in this newsletter.

MEMBERSHIP is open to all. If interested, contact one of the board members or come to one of the meetings.
